Note:1) The current ratings indicated in the table are reference values for a temperature rise of 40°C in the atmosphere.

These currents may change in accordance with the method of use and the ambient conditions.

2) Indicate the desired length in place of the "L" in the part number. Example: For a length of 200 mm for model JE1, specify JE1-200.

3) Other plating (ex. Silver-plating) is also possible. Contact JST for details.

4) Delivery lead times may vary depending on the product. Contact JST for details.
